..... established November 1991

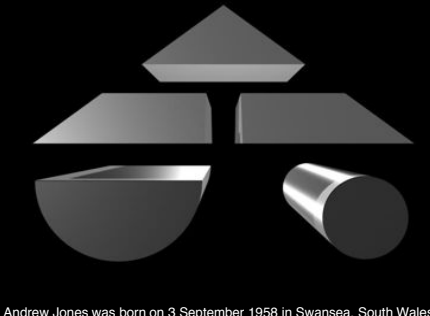

exclusivity by design.....courtesy of Andrew Jones RIBA

Andrew Jones Associates Ltd is a thriving RIBA Chartered Practice based in the London Borough of Sutton. The practice is essentially operated and run by Andrew Jones RIBA with a diverse team of freelance Architects and Architectural Assistants and State of the Art Apple Macintosh computers.

Practice Ethos: Inception and Realisation of projects should collectively be fun and hassle free. Designs should enhance the environment equally for those who live, work and visit the buildings. Success of a project is dependant on a good team effort between Architect, Builder & Client. These ingredients are all actively promoted by Andrew Jones RIBA

Andrew Jones was born on 3 September 1959 in Swansea, South Wales. He aspired to becoming an Architect at the early age of fourteen after being influenced by trips to London and Barcelona with his parents in the Seventies. He studied Construction and Architecture at Oxford Polytechnic in the Eighties and became a fully fledged Chartered Architect in 1987. After a four year stint gaining experience within established Surveying and Architect practices he set up his own business in November 1991. Today two decades plus on...he is running his thriving Architectural practice with the same level of passion and enthusiasm as the first year and wants to share his success with you.
